

The Trike Stop

Medication Policies

1. **Prescribed medication** can only be administered if we have written permission from the parent or legal guardian. All prescribed medication **MUST** be in its original container with physicians directions attached. We will not administer any prescription drug that has expired.
2. **Over-the-counter medication** can only be administered if the medication is for the *appropriate age/weight range, is in the original packaging* and signature of parent/legal guardian. We will not administer expired medication.
3. If child's age/weight is not on label of medication a **physician's signature is required.**
4. Unused medication will be returned to the parent. Unclaimed medication will be disposed of.
5. Medication Authorization Forms are needed for each occurrence and do not carry over. For medication that is needed on a regular basis forms will need to be resigned every 6 months.

The following form must be completed for each occurrence and will not carry over.
